Simple Rules for Displaying Stars and Stripes

Our Flag must not be used as a table cloth, nothing but the BIBLE can rest upon it.

No other flag should be hoisted above OUR FLAG except a church pennant, which is allowed to fly at the masthead above the stars and stripes when religious services are in progress in a military chapel or aboard a ship of our navy.

Do not display the Flag of the U. S. A. with the union down except as a signal of distress.

Do not let the Flag of the United States touch the ground or the floor, or trail in the water..

Do not drape the flag over the hood, top, sides or back of a vehicle, or of a railway train or boat. When the flag is displayed on a motor car, the staff should be affixed firmly to the chassis or clamped to the radiator cap.

Our Flag should always have stars to the left of the picture, fabric floating to the right.

When hanging with the stripes in a vertical position against the wall, as shown in the picture, the stars should be in the upper left hand corner.

When our Flag is carried with other flags in parade it should always claim the place of honor — at the right.

When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. If flown from a staff, it should be in the position of honor, at the speaker's right. It should never be used to cover the speaker's desk nor to drape over the front of the platform. Use bunting.

When displayed over the middle of the street, the Flag of the U.S.A. should be suspended vertically with the union to the north in an east and west street, or to the east in a north and south street.

Wrong Way to Display the Flag

In order to show proper respect for the Flag the following ceremony should be observed:

It should not be hoisted before sunrise nor allowed to remain up after sunset.

When the National Colors are passing on parade or in review, the spectators should, if walking, halt, and if sitting arise and stand at "attention" and uncover.

When the Flag is flown at half staff as a sign of mourning, it should be hoisted to full staff at the conclusion of the funeral.

In placing the Flag at half staff, it should first be hoisted to the top of the staff and then lowered to position, and preliminary to lowering from half staff, it should be first raised to the top.

Right Way to Display the Flag

One Flag, One Land, One Heart, One Hand, One Nation, Evermore! — Holmes.
